

ETT-Club Hot-Spot Touren Techtexsil 2026

The concept, launched at Techtexsil 2015, has evolved over the years. Once again, in cooperation with Messe Frankfurt Exhibition GmbH, five themed tours will be held, focusing on exhibitors from the ETT Club organisations Clubtex (France), Confindustria Moda + TexClubTec (Italy), Fedustria (Belgium) and IVGT (Germany).

All tours will be conducted in English. To take part, please register at the respective meeting points 10 to 15 minutes before the tour starts to collect your headphones. Each tour is limited to 20 guests.

Further information can be found on the trade fair's website and in the list below.

Messe Frankfurt Exhibition GmbH is a wholly-owned subsidiary of Messe Frankfurt GmbH and is one of the world's leading organisers of trade fairs, congresses and events, operating from its own exhibition grounds. It organises numerous international trade fairs in the fields of technology, textiles, consumer goods and security, both at its headquarters in Frankfurt and worldwide

The European Technical Textile Club (ETT-Club.eu) is an informal networking platform for European technical textile manufacturers. Founded in 2002 by national textile sector associations, its purpose is to promote contact, exchange and collaboration among its members. The ETT-Club's mission is to foster unity and connection within the European textile industry by providing networking opportunities and events.
