

The European Technical Textile Club (ETT-Club) is an informal platform from European manufacturers of Technical Textiles founded in 2002 by national textile sector associations to promote contact and exchange between their members.

#### ETT-Club 2023 Networking Events at ITMA

- **June 12th at 15:00 D-House/Woolmark**, please contact Mr Stefan SCHMIDT, IVGT

In the afternoon of June 12th, there is the opportunity to visit the **innovation hub D-House** and get an insight into future manufacturing techniques and learn more about natural fibres in cooperation with **The Woolmark company**.

- **June 12th at 18:00 ETT-Club Spritz Party**, please contact Mrs Maria Rosa GIMELLI, SMI/TexClubTec

The ETT-Club is organising a relaxed networking event in Milan with members, guests and networking partners of CLUBTEX (France), FEDUSTRIA (Belgium), IVGT (Germany), TEXCLUBTEC and Sistema Moda Italia (Italy) associations. **The ETT Spritz Party event** on the evening June 12 takes place on a self-pay basis.

- **June 13th at 09:00 MADE Industry 4.0**, please contact Mr Stefan SCHMIDT, IVGT

On June 13th, the **Italian Industry 4.0 centre and digital and sustainable factory MADE** will open its doors to interested parties on the morning before the fair.

- **June 14th at 14:00 Centrocot**, please contact Mrs Karine WALLOIS, CLUBTEX

At the end of the trade fair week, the **research and testing laboratory Centrocot** invites you to a visit on the afternoon of June 14th.

**Registration for all meetings is required by May 31st 2023!**
